Curriculum Vitae

My experience

Developer at Antenna ————— 2022 - ...

Built and maintained websites with modern technologies. Worked on multiple projects in parallel, ensuring scalable and maintainable code. Deepened my expertise in Craft CMS and Wordpress through hands-on development across several projects.

Freelance Web Designer & Developer ————— 2023 - ...

As a secondary occupation, I independently design, build, and deploy web projects from start to finish. I take initiative and maintain strong client relationships through clear and friendly communication.

My education

Full Stack Developer at SYNTRA Midden-Vlaanderen ————— 2020 - 2022

Learned full stack web development, covering both front-end and back-end technologies. Built practical projects applying modern frameworks and workflows, and collaborated effectively in team-based environments.

Graphic Designer at SYNTRA Midden-Vlaanderen ————— 2019 - 2020

Discovered my passion for design while learning the fundamentals. Gained experience with Adobe Photoshop, Illustrator, XD, and InDesign.
